

## ABOUT

Seall Inc. has been providing community-based residential treatment programs since 1971. Seall is committed to quality and unparalleled services to troubled individuals, their families, and their communities.

Our short-term stabilization programs have set the standard for quality care recognized throughout the State of Vermont.

The staff of Seall comes from a wide range of backgrounds. However, the team continues to commit to providing a safe and secure environment to the residents within our care.

We value every one of our staff and treat them with respect and appreciation for the tremendous work everyone does.
